Raleigh, NC 27699-1617

Dear Mr. Manning,

As the project manager for the 2011 NC DWQ Contract #5028 ("*Triad Regional Watershed Prioritization Assessment*"), I am submitting the project's second and final report, covering the months of July – September 2013. It was necessary for the PTRC to absorb some additional costs to complete the project, but we are pleased to deliver to you on schedule. Enclosed, you should find:

- A Contract Reimbursement Request for \$2,816.17; and
- A final draft of the *Piedmont Triad Regional Council Watershed Prioritization* report

It has been a pleasure to work on this 205(j) supported project. The Piedmont Triad Regional Council is proud to serve the water resources needs of its member governments and is pleased to be able to assist in the creation of this promising and valuable resource. We hope to have another opportunity to work with the 205(j) program to provide the State of North Carolina and Piedmont Triad communities with further tools that can protect and improve our waters for present and future residents.

If you have any questions, please contact me at 336-294-4950 or cstober@ptrc.org.

Sincerely,

Cy Stober
Water Resources Manager
