Reference: Approval of Specialty Grout
GEO SuperGrout

Dear Mr. Bazzell:

On May 23, 2012, we received your request for approval of GEO SuperGrout as a specialty grout as allowed for in North Carolina well construction regulation 15A NCAC 02C .0107(e)(1)(F). We have reviewed the supporting documentation and concluded that it satisfies the approval criteria specified in 15A NCAC 02C .0107(e)(1)(F). Therefore, in accordance with your request, GEO SuperGrout has been approved as a specialty grout for use in geothermal well installations. This approval does not constitute an endorsement from the Division of Water Quality and is only valid for use in accordance with the manufacturer's directions. Any variations in the chemical or physical makeup of this product will require approval before usage.

If you have any questions, please contact Debra Watts at debra.watts@ncdenr.gov or 919-807-6338, or Eric Smith at eric.g.smith@ncdenr.gov or 919-807-6407.

Sincerely,

Debra J. Watts, Supervisor
Groundwater Protection Unit
